EDUCATION

Dha Suffa
BS Computer Science
• CGPA: 3.00

Karachi, Sindh
2022-2026

SKILLS

Technical

- JavaScript
- MERN Stack
- Python
- MySQL
- Machine Learning
- LLMs

Interests

- I am currently engaged in web application projects deepening my expertise in the field.
- I am actively learning and working on Full Stack development using MERN stack as a tech.
- I am also developing a strong interest in Machine Learning and exploring ways to integrate ML solutions into Full Stack applications.

PROJECTS

AI Resume Analyzer

- Designed and developed a Full Stack Resume Analyzer using the MERN stack, enabling users to upload their resumes and receive AI-powered analysis.
- Integrated an LLM to evaluate resumes against specific job descriptions or criteria, provide improvement suggestions, identify skill gaps, and recommend suitable job roles. This solution streamlines career planning by combining secure web development with advanced natural language processing.

E-Commerce Online Website

- Designed and developed a responsive e-commerce frontend application using JavaScript, HTML, and CSS. Implemented dynamic product listings, a search and filter functionality, and an interactive shopping cart. Ensured seamless user experience with modern UI/UX design principles and optimized performance for faster loading times.

Medicare Connect

- Developed a MERN stack web application with secure JWT authentication and bcrypt password hashing.
- Integrated a Gemini LLM-powered medical assistant chatbot, enabling users to receive AI-driven health advice within the platform.

React Movie App

- Built a full-stack movie application using the MERN stack, integrating third-party movie APIs (TMDB) to display real-time movie data, including search, ratings, trailers, and detailed movie info, with user authentication and personalized watchlists.

Other Projects

- Quiz App, Calculator, Tick Tac Toe Game, Rock Paper Scissor Game, Library Management System, Restaurant Management System.

CERTIFICATIONS AND AWARDS

- Python Certification
- UI/UXcourse offered by Google
- Google IT Support
